## AVAILABLE CURRENT TRANSFORMERS

DENT Instruments offers a wide selection of current transformers. Choose from compact and economical Split-Core CTs, convenient Clamp-On style CTs, or the versatile Rogowski Flex CTs. Each type offers its own particular advantages depending on your application. DENT CTs are interchangeable to meet your varying project requirements.

\*Depending on meter compatibility. ELITEpro XC, ELITEpro SP (v.212 or newer firmware), PowerScout 3 (v3.16 or newer firmware), and PS24 rated for 5-5000A. PS3037 rated for 4-4000 Amps.

\*\*Installed using best practices with conductor centered in the CT window and ensure any external conductors are a minimum distance of > 2X the diameter of the RoCoil. Accuracy below 20A rated at 1.5% +/- 0.5A when used with DENT ELITEpro/PowerScout meters.
