

Stud, Metal and Voltage Detector Model R9090

TECHNICAL DATA

Features

- 3-in-1 stud, metal and AC voltage detector
- Ergonomically designed for comfort and grip
- Bargraph allows for quick and accurate detection
- Easy operation
- Auto power off
- Includes battery

Specifications

Detection Depth

 Stud:
 Up to 0.98" (25mm)

 Metal:
 Up to 2.56" (65mm)

 Voltage:
 Up to 1.96" (50mm)

General Specifications

Display: LCD Display with bargraph Auto Power Off: Yes (after 20 seconds)

Low Battery Indicator: Yes

Power Supply: 9V Battery

Product Certifications: CE

Operating Temperature: 19.4 to 104°F (-7 to 40°C) Storage Temperature: -4 to 122°F (-20 to 50°C)

Dimensions: 6.3 x 3.2 x 1.3"

(159 x 82 x 32mm)

Weight: 7.2oz (203g)

Model	Description
R9090	Stud, Metal and Voltage Detector
CA-05A	Soft Carrying Case
