Microwave Leakage Detector Model **R9200**

TECHNICAL DATA

Features

• Detects very low levels of microwave leakage

ENTS

- Quick response and high accuracy
- Designed for one-handed operation
- \bullet Audible (beep) and visual (flashing LED) alarms at 5 mW/cm^2
- 4-digit, backlit LCD display
- Max hold function and low battery indicator
- Zero button for quick adjustment
- Includes soft carrying case and battery

Specifications

Measuring Range: Accuracy: Resolution: Operating Frequency: Display: Backlit Display: Alarm:
